

## Tire Changer Motorcycle Adapter

The TC-MC-A motorcycle / ATV adapter allows you to expand the capabilities of your automotive / light truck rim clamp tire changer to change motorcycle and ATV wheels. The TC-MC-A utilizes the same clamp protector as the TC-400M-B. This style clamp protector virtually eliminates damage and utilizes a profile that is designed for clamping motorcycle wheels.

### Features

- Expands capabilities of rim clamp machine to allow changing of motorcycle tires
- Change motorcycle tires without removing brake discs or drive components
- Plastic clamps protect wheels from damage
- Can be used with TC-430, TC-530, TC-950 and TC-950-WPA

Model Number	Clamping Range	
	Inverted	Reverted
TC-430	7" - 17"	14" - 23 1/2"
TC-530*	7" - 19 1/2"	14" - 26"
TC-950*	10 1/2" - 24 1/2"	17" - 30"
TC-950-WPA*	10 1/2" - 24 1/2"	17" - 30"
